

APPROVED PRODUCT LIST (APL) APPLICATION PROCESS FOR NEW TECHNOLOGY

For all Energize APL New Technology applicants, please use the following procedure to submit your application.

STEP 1

Access the Energize website and download the **New Technology Application Packet**

STEP 2

Complete the following forms/documents and send them to **infrastructure@calstart.org**.

- New technology application form
- Equipment specification sheet
- All signed certifications for tested equipment
- Equipment blueprint
- ISO-15118 self-attestation form
- V2G self-attestation form (for V2G equipment only)
- Inductive-charging self-attestation form (for wireless power transfer equipment only)

STEP 3

Once the equipment has been reviewed and approved an Energize APL staff member will reach out to inform you of the approval and confirmation that your equipment will be added to the Energize APL.
